- VALENTINE DAY
- FIELD TEACHERS
- MONTESSORI CLASS

### VALENTINE DAY

On 12 February 2021, at Kids corner preschool we have celebrated valentine day, in this day children taught the meaning of love to parents and love to each other, we gave them an example of love from Berit SKaare who have given us special Cake for valentine day, then we narrated to them about the back ground of valentine day since it started, then we gave them papers and red colors for drawing heart shape and decorating it, after drawing we pass through to each child to tell us good words that will be written in that cards before to send to their parents.

After that that training we got time to eat together a special cake which was written happy valentine Kids corner.

#### **FIELD TEACHERS**

In this February 2021, Kids corner preschool we have received 3 teachers who came from TUKUYU teachers College to make teaching practice for one month, we as Kids corner teachers we will make sure that we show love and cooperation to them.

### **MONTESSORI CLASS**

At Kids corner preschool teachers are teaching by using Maria Montessori methodologies., therefore here at school we have Montessori materials that used for teaching and learning in the class,, here at the photos below teacher use Montessori materials for teaching Africa map for few children while others are learning them self by using Montessori materials.
